

TITUBA

You won't see Gasper but Bassett or Macbeth
Both fit perfectly for me then you can even call me witch
You should panic ! Scream ! Scare ! Speed! Make some holy water
Stop to thinking about utopia and face your racist ideology.
I have been trained at Salem, I 'm not afraid about your hate race.
Ask your children Abigaël, Mercy Lewis, Mary Warren
I am the master of voodoo, I used to do it, I'll break your neck
Watch out of the Werewolf, Got out from her manor
With her black lipstick, her bandit stuff
Inform your pastor, your father, your mother, your sister
Stop Neo-Nazi keep standing to face racist
You kidnapped me, you will pay now
A place is waiting for you into the stake
You must run into your BOSS, an army has just been born
Composed of tiger without kindness and no stress
Stronger than Lucifer, straight out from the hell

I 'm Tituba! I'm back, I 'm back
My name is Tituba, Watch out, Watch out
I'm Tituba! I'm back, I'm back
My name is Tituba, Watch out, Watch out

That's me Tituba came back to life
I've been slaving still proud woman
More than soul, my body, my passport
Take place in the boat this time in captain
Then you won't get my hymen any more
To you suppose supremacist, I say go to your mom
I don't care about Bonaparte from the Barbados Island
I make ready my plan in company of Man Yaya
Keep your whip for someone else, I have my apostles with me
We won't let ourselves be dominated and humiliated any more
That's not a little dog who's barking
But the noise of the rebellious Afro-fem
No excuses any more, I won't forgive then
Ending of those tribute head whose taking advantage of my attributes
I'm wearing my high heels shoes
To defy Apollo's brothers

I'm Tituba, I'm back! I'm back!
My name is Tituba, Watch out, Watch out
I'm Tituba, I'm back! I'm back
My name is Tituba! Watch out, watch out
