O delu

Andjela Milić TAJNO PUTOVANJE

Ciklus minijatura za glas /sopran) I elektroniku

Kompozicija je nastala na tekst pesnikinje Monike Oznato u adaptaciji Duške Vrhovac. Naziv minijatura je u saglasju sa naslovima pesama:

Koraci

Spušranje na mesec

Mehuri od stakla

Tišina

Forma kompozicije je prokomponovana i prati dinamiku teksta. U prvoj minijaturi se uspostavlja početna atmosfera i koraci sugerišu polazak na put bez specifičnog odredišta. Spuštawe na mesec predstavlja izmeštanje iz trenutnog vremena i beg od realnosti, dok se u sledećoj minijaturi, koja je ujedno i najduža, opisuje suočavanje sa strahom – bilo kojom vrastom istog (strah od samoće, od nepoznatog, od reči...). U poslednjoj minijaturi Tišina akcenat je na tekstu, koji je jednostavan, a moćan: sugeriše mir.

Glas je zamišljen kao narator, a u isto vreme i glavni protagonist dela. Upotreba glisanda i šprehgesanga (sprechgesang), odnosno govornog pevanja, kao I preplitanja glasa i nasnimljenog govora I šapata, sugeriše da je pevanu deonicu moguće pratiti kao tok svesti izvodjača.

Elektronika je realizovana u vidu trake, obiluje sintetički napravljenim ali I usamljenim zvucima kao što je šapat ili kapši vode, koji su kasnije procesuirani. Elektronika podržava glas, reflektuje unutrašnjost i stanje svesti koje je oslikano u tekstu, a sa druge strane tretirana je kao ravnopravan instrument dajući ritam i dinamiku čitavoj kompoziciji.

Delo je učestvovalo u konkurenciji za nagradu na konkursu “NEDA DEPOLO 2019”.

About work

Anđela Milić SECRET VOYAGE

cycle of miniatures for voice (soprano) and electronics

The composition was created based on a text written by poet Monica Osnato, and adapted by Duška Vrhovac. The title of the miniatures follows the titles of the poems:

Footsteps (Koraci)

Landing on the Moon (Spuštanje na mesec)

Glass Bubbles (Mehuri od stakla)

Silence (Tišina)

The audio composition was recomposed and follows the text dynamics. The first miniature sets the starting atmosphere and footsteps suggest the beginning of a journey without a specific destination. Landing on the Moon symbolizes leaving the present time and escaping reality, while the next miniature, which is also the longest, describes facing fears – any kind of them (fear of loneliness, of the unknown, of words...). In the last miniature *Silence*, the emphasis is on the text, which is simple, yet powerful, and suggests peace.

The voice was intended to sound like a narrator, but at the same time like a protagonist. The use of glissando and sprechgesang, or spoken singing, as well as the interweaving of the voice and the recorded speech and whispers, suggests that the singing parts can be followed as a train of thought of the performer.

Electronics are produced as a tape, and abound in synthetic, but also isolated sounds like whispers or water drops, which were later processed. Electronics support the voice, reflect internal side and state of consciousness described in the text, but it was treated as an equal instrument giving the rhythm and dynamics to the entire composition.

The artwork participated in the contest «NEDA DEPOLO 2019.»

Текст песама Монике Ознато коришћених у делу:

КОРАЦИ

*Као у шкољкама
међу камењем на обали
овај троми старински звук
траје.
И већ моји кораци
одлазе тамо негде.*

СПУШТАЊЕ НА МЕСЕЦ

*Затварам звучне просторе.
Неочекивано слободна!
Спуштам се на море
коначно нетакнута
у течној ноћи.
Разголићене, ствари се буне,
на месец пада тишина.
Немам више дугова,
ни излаза.
Имам ноћ,
ноћ,
и ноћ.*

МЕХУРИ ОД СТАКЛА

*Остани.
Бојим се.
Враћа се празна ноћ.
Рано је за ништавило,
ветар је
међу старим тишинама,
хладно ми је.
Речи
као мехури,
сада даљина
без уточишта.
Ослободи моје руке,
отићи ћу услађена за опроштај, без сећања,
у својим старим ципелама.*

ТИШИНА

*Као четкица
умочена у тишину,
сликам небеса.*

Poems of Monica Osnato used in the artwork:

FOOTSTEPS

*Like in shells
surrounded by rocks on the coast
this dull archaic sound
endures.
And my footsteps
are already going somewhere.*

LANDING ON THE MOON

*I'm closing the sound space.
Startlingly free!
I descend on the sea
finally untouched
in a liquid night.
Unveiled, things protest,
silence covers the Moon.
I have no more debts,
and no way out.
I have the night,
the night,
and the night.*

GLASS BUBBLES

*Stay.
I'm scared.
Barren night returns.
It's too early for the void,
the wind is
amid old silences,
I'm cold.
Words
like bubbles,
now distance
without sanctuary.
Free my hands,
I'll leave deprived of forgiveness, with no memory,
in my old shoes.*

SILENCE

*Like a brush
dipped in silence,
I paint the skies.*
